

LINE MASTER 1-1 ■ MY BRAND

1. Write the letters of your first name in the Letter column, one below the other.
2. In the other column, write down some words starting with that letter that describe you. For example, if your name is Jason, you would write the Letter "J" in the first Letter cell. Beside it you might write "joker."
3. If you can't think of a single word, write a phrase. For example, "jazz fan."

Letter	Words or phrases starting with that letter that describe you
